Onigiri Seminar

Trend of supply chain logistics – today and future

In the seminar, President Etani will speak on the trend of and value generated supply chain logistics, as well as the change in supply chain logistics from the 1980s till today. He is highly experienced in the fields of global logistics and supply chain logistics through working in world renowned logistics companies such as ITOCHU Logistics, DHL, TNT, Mitsui-soko, and in addition to the said organizations, he will share with the audience his past management experiences with Rakuten, CMA CGM and NPO.

Mr. ETANI Hiroshi

Representative Director & President

CMA CGM (Japan) K.K.

This presents as an excellent opportunity for APU faculty and students to gain up-to-date knowledge about the contemporary developments of global logistics and supply chain logistics through an introduction of President Etani's highly versatile and illustrious career.
